coach maidon finds that as head coach much of his time is spent on telephone calls

one aspect of life at cary high school in 1970 has been emphasized and noted in great detail and force . . . this is the spirit which has been developed by the student body of cary in the support of our athletic teams . . . the accomplishments of one man have especially led to greater efforts on the part of the student body in the area of spirit . . .

we of the *yrac* staff feel that this one person has had a great deal to do with the unity which our school now possesses for the spirit of our school includes all of the school not just a few individuals . . .

the person to whom we dedicate the 1970 *yrac* is not new to cary high school . . . he is a graduate of cary of 1956 a class

tremendous season . . . personal achievement

concentration shows on coach maidon's face as game time approaches

maidon gives mike winters a few last minute instructions before he checks into the game

where he was an outstanding student . . . he represented cary in football as a co-captain in basketball as an outstanding scorer and in baseball . . . he was named "most athletic" in the senior class and was also a member of the ffa and was a bus driver . . .

from cary he went to elon college where he was an outstanding football player . . .

he returned to cary and his efforts through this year have resulted in a remarkable achievement for cary in basketball as well as many victories on the golf course . . . because of his accomplishments in these areas we dedicate the 1970 *yrac* to you — mr charles randall maidon

administration

authority accompanied by individual concern was the major objective of the Cary high school administration . . . prior to the opening of school Mr. Stevens tackled and accomplished the annual task of placing every student in the classroom situation in which he was most likely to excel . . . under the supervision of a competent superintendent Cary maintained its tradition as one of the most outstanding academic high schools in the state . . . in the year following re-accreditation assistants joined the principal in creating perfect rapport between the student body and the administration . . . to bridge the gap between faculty and students Mr. Stevens formulated a series of discussions with students about the faculty and curriculum . . . in this way success characterized the 1969-1970 school year as the authority of the administration became an aide to the individual . . .

Mr. Stevens makes the daily announcements as one of his duties as principal

their problems

today's socially disturbed society finds an imperative need to organize an institution for promoting understanding . . . cary high school has met this demand by creating the society for better human understanding . . . through a series of lectures films and inter-group discussions the sbhu has attempted to bring about an ethnic cooperation on the local level . . . hopefully this localized effort will be the beginning of far-reaching attempts to reduce the omnipresent bigotry caused by lack of valid information . . . the fca also endeavor to promote understanding through christian ideals . . . the fellowship of christian athletes is organized to give athletes an identity group as well as develop their character for future athletic and academic goals . . . various guest speakers broadened the fca members' knowledge in unknown realms . . .

mrs hill corrects donald hooker's spelling on a poster advertising the upcoming sbhu meeting

with 21-0 win over rival garner

with few seniors contributing to depth and experience the imps suffered many losses during the 1969 football season . . . however the individual boys on the coaching of new head coach tom brawley the boys learned the value of teamwork sportsmanship and self-discipline — all lasting attributes for later competition on the "gridiron of life" . . . each of the contests found spirited students yelling in support of the imps even in the driving rain which drenched the bleachers at chapel hill . . . despite the defeats of the season the team ended with a victory against arch-rival garner high . . . thus it was decided that "all's well that ends well" as the senior members of the football team left the field in a final victory . . .

the major purpose of junior varsity basketball is to teach the players the techniques essential for their careers as varsity ballhandlers . . . several unexpected upsets and small margins of defeat accounted for the fact that the total wins were slightly higher than the number of losses . . . it was obvious however that the drive and coaching coupled together were able to turn disjointed boys into a coordinated team . . . the starting five formulated a versatile group in that they could play either a fast-break or slowdown game . . . the team's desire and versatility enhanced and improved the games during the season as the crowd's reaction so ably demonstrated . . . those who graduate to varsity next year will add more than just another uniform . . .

for golf and cross country teams

peter carroll shows his "swinging" ability

cary's annually superior golf team enjoyed another season of driving and outstanding putting . . . each member not only furthered his individual talent but also developed an exceptional team unity and coordination . . . golf tends to formulate a feeling of good sportsmanship as well as self-confidence from the exhilaration following a strenuous victory . . . after the many exciting victories of the regular season several on the golf team continued their winning seasons by participating in tournaments . . . the unique closeness among the golfers was a tribute to the competitive spirit at chs . . .

baseball team: row 1: jack webb, mike holderfield, robert hamilton, terry gentry, keith davis, russ stewart, art, row 2: jeff butler, rex frazier, tommy jenkins,

superlative team molded on

the combination of the tested abilities of last year's team with the developing proficiencies of new members gave the cary high track team an exceptional compilation of talent . . . the track team was extremely balanced in that the high calibre of the sprinters and distance men was equally matched by those who competed in the field events . . . hours of workouts on the track and in the gymnasium formulated the basic ingredient in the team's success . . . a victory in a track meet requires the best performance that each member can arouse which explains why those who were not participating in the particular event aided their teammates in warming up and cheered them on to victory . . . this year like the ones preceding cary had a winning team . . .

becoming a junior creates an entirely new status with unique encounters and solutions . . . the junior year in terms of years of attendance is the mean of high school but this junior class was in no way an average group of students . . . more responsibilities and privileges are given to the juniors as they attain and surpass the mid-high school period . . . many of the courses and projects are annual and the junior class followed its predecessors while performing the various traditions . . . the historical magazine sale was undertaken and the juniors demonstrated their selling ability by accumulating a tremendous profit . . . the juniors also carried on the infinite tradition of purchasing cherished class rings whose arrival was eagerly awaited by all . . . juniors created the magnificent decorations that exemplified the theme of the junior-senior prom as well as arranged for publicity and announcements that made it a success . . . the long hours of diligent work were counterbalanced by attending their first prom . . . many junior athletes got their first taste of varsity action as they participated in the various sports . . . a group effort gave the junior class a unification as they approached senior status

after experiencing the unique situation of one year of separation the sophomore class readily adapted to their new environment . . . it was only a matter of days in which the sophomores learned the secret to deciphering their location in the different but similar buildings . . . the sophomores elected an excellent slate of officers who led them through a very successful candy sale . . . along with the preciously required english and mathematics the sophomores were allowed to take biology a totally new experience and either geography or world history . . . the class of '72 demonstrated their enthusiasm and school spirit by active participation during

school spirit week in which they came in a challenging second for the building decorating contest . . . many of cary's potential great athletes developed their skills by participating in varsity and junior varsity athletics . . . the sophomores gaze yearningly at those who have come before and will graduate as they realize it is a privilege and that it is waiting for them in the future

THE FEARSOME FOURSOME

guiding cary students throughout this school year the spirit of 1970 has brought changes and carried out tradition during the course of the school year . . . the yrac staff has endeavored to catch this spirit one in which old ideas are mixed with new ones to produce a modern concept of life at cary high school . . . appreciation is extended to all who helped to produce this year's yrac . . . to mr john stevens of course for his help and consideration as well as his tolerance of yrac room behavior . . . to mrs o'keeffe for her assistance in spurring the staff to greater efforts . . . to mr don felty for competent and reliable service in processing and working miracles with our sometimes lacking student efforts in student photography . . . to the lloyd t jenkins household for coping with midnight typing sessions and all night workings as deadlines approached . . . to you the students of cary high for cooperating with staff members and photographers in the production of the 1970 yrac in the true spirit of 1970
